REQUEST TO PLAY OUT OF GRADE

EXCERPT FROM OUR "POLICY FOR REGISTRATION, GRADING AND FORMATION OF TEAMS"

20. Players MUST play within their own age group. However, where there are exceptional circumstances an application to play up a grade may be made.

Exceptional circumstances **may** include the following:

- siblings may need to be in the same team for extraordinary reason/s.
- a player has been playing up a grade for 2 or more consecutive years
- team numbers require that a player must go up a grade

Any such approval will be dependent on the number of placements available in the older age group. No player in their correct age group will be displaced by a younger player.

NOTE that wanting to play up a grade for friendship reasons, to have more competition or for greater opportunity to succeed are not considered exceptional circumstances and players should not apply to play up a grade for such reasons.

Requests to play out of grade must be made in writing at the time of registration using the appropriate form. Only genuine & valid requests will be considered. Requests made after registration will only be considered should extra players be required in order to form teams.

I wish to apply for approval for my child to play above / below the age grade for which he / she is eligible.

PLAYER'S NAME: _____
